

# WHY JOIN THE KIMS PTSA

Welcome to our community! We look forward to seeing you around the school and supporting your student's personal and academic growth. New families often share that integrating into the community was easy thanks to joining and volunteering through the PTSA. Below are some examples of the activities the PTSA is involved in, as well as membership information and leadership opportunities available for you as a new family.

## PTSA OPPORTUNITIES

### HOW PTSA HELPS STUDENTS AND TEACHERS

Each teacher benefits from a **Classroom Grant** to buy books geared to varying reading levels, or for research materials for projects. Additionally, the PTSA contributes funds to the school so they may augment budget and meet year-over-year cost increases. In the past, the school has used those funds to **coordinate transportation** to extracurricular activities, and **upgrade emergency supplies**.

Whether you have an hour or can only volunteer from home, the students and the school could use your support! Join the fun.
