

Club BizTown is coming to KiMS!

Learn how to run your own business! Learn how a town's economy actually works! Learn to manage a personal bank account - and once you've learned all that - you'll be qualified to help run a small town! Even better, you'll test out your new skills and knowledge when you **go on a field trip to JA BizTown in Auburn, WA.**

JA BizTown is a miniaturized city and is home to public and private businesses sponsored by real local companies. Stores are life-sized and represent the actual marketplace appearance of the sponsoring company, which brings the town to life. At BizTown, you'll interview for a job (like retail sales professionals, accountants, business managers, medical professionals, journalists and more). There is even a Mayor in BizTown's City Hall!

Club BizTown is sponsored by KiMS PTSA - join us: kirklandmiddleptsa.org
